PREVIOUS EMPLOYMENT:

- 1996 to 1999 Basic Surgical Training in Hull, Leeds and Harrogate
1999 to 2005 National Training Number in Trauma and Orthopaedics,
Yorkshire.
2005 to 2006 Lower Limb Arthroplasty Fellowship, Princess Elizabeth
Orthopaedic Centre, Exeter.

This was an intensive fellowship in a world renowned hip arthroplasty unit, giving extensive training in primary and revision hip and knee arthroplasty. This included innovative techniques for managing infected hip replacements and piloting the use of navigation (computer assisted orthopaedic surgery).

PRESENT APPOINTMENT (from May 2006) :

**Consultant Orthopaedic Surgeon, York Hospitals NHS Trust.
Secondment to Ramsay Clifton Park NHS Treatment Centre.**

My specialist areas are primary and revision hip replacement, primary knee replacement and trauma. I have presented research in these areas at conferences and have sat on the faculty at specialist meetings.

I have taken on the role of Clinical Lead for Trauma for my department, because of my interest in this area. There is a relatively heavy trauma workload, and I also manage non-union cases. I am fully trained in ATLS provision.

My elective practice also includes more general cases such as arthroscopic knee surgery, back and neck pain.

I also practice at the Nuffield Hospital, York.
